

شركة التقنيات المتكاملة للمقاولات العامة

OVERVIEW

Integrated Technology Engineering Contracting Company is a forward-thinking and trusted name in the fields of telecom, electrical, and construction contracting across the Kingdom of Saudi Arabia. Built on a foundation of innovation, integrity, and technical excellence, we specialize in delivering comprehensive, high-quality infrastructure solutions that meet the complex and evolving demands of today's industries.

Our expertise spans a wide range of services, including FTTH and OSP network implementation, GSM rehabilitation, electrical power systems, and civil construction projects. We take pride in offering end-to-end project execution—from design and planning to installation, testing, and maintenance—ensuring every project is completed with precision, compliance, and long-term reliability.

What truly sets Integrated Tech apart is our team of skilled engineers, technicians, and project managers, who bring deep domain knowledge, a proactive approach, and a strong commitment to excellence in every task they undertake. Through continuous innovation and adherence to the highest quality and safety standards, we consistently deliver solutions that empower our clients to build smarter, operate efficiently, and achieve sustainable growth.

At Integrated Technology Engineering Contracting Company, we believe that success lies not just in the infrastructure we build, but in the trust, value, and partnerships we create along the way—helping our clients stay connected, competitive, and prepared for the future.

Driven by a clear vision for technological advancement and national development, Integrated Technology Engineering Contracting Company aligns its goals with Saudi Arabia's Vision 2030. By combining global best practices with local expertise, we contribute to the Kingdom's growing infrastructure landscape—enhancing connectivity, sustainability, and digital transformation. Our commitment to excellence, timely project delivery, and client satisfaction has earned us lasting relationships with leading organizations across the telecom, utilities, and construction sectors.

ABOUT INTECOM

Integrated Technology Engineering Contracting Company [INTECOM] is a trusted leader in telecom, electrical, and construction contracting across Saudi Arabia. Built on innovation and technical excellence, we deliver reliable, high-quality infrastructure solutions tailored to modern industry needs.

Our services include FTTH and OSP networks, GSM projects, electrical systems, and civil construction, executed with precision and full compliance.

Backed by a skilled team of engineers and technicians, INTECOM is committed to quality, safety, and innovation—empowering clients to build smarter, operate efficiently, and grow sustainably.

INTECOM – Building the Future with Technology and Trust.

VISION

To be the foremost engineering and contracting company in Saudi Arabia, setting new benchmarks in telecom, electrical, and construction excellence.

We aspire to lead the transformation toward a more connected, efficient, and sustainable future, powered by innovation, advanced technology, and a commitment to quality.

Through continuous growth and strategic partnerships, Integrated Technology Engineering Contracting Company aims to play a vital role in building the Kingdom's modern infrastructure and contributing to Vision 2030.

Empowering innovation and progress

Fostering cutting-edge technologies to drive growth and development.

Building reliable digital networks

Ensuring robust and efficient network solutions for seamless connectivity.

Shaping Saudi Arabia's connected future

Creating a smarter, fully integrated digital infrastructure nationwide.

MISSION

Our mission is to deliver high-quality, reliable, and innovative engineering solutions across the telecom, electrical, and construction sectors in Saudi Arabia.

We are committed to ensuring excellence at every stage—from design and execution to maintenance and support—by combining advanced technology, skilled professionals, and best industry practices.

Through integrity, safety, and sustainability, Integrated Technology Engineering Contracting Company strives to build lasting partnerships, enhance client satisfaction, and contribute to the Kingdom's technological and infrastructure advancement.

Delivering Excellence

Fostering cutting-edge technologies to drive growth and development.

Innovating Continuously

Implementing advanced technologies to stay ahead in a rapidly evolving market.

Ensuring Client Success

Supporting businesses with reliable, efficient, and sustainable services.

WHO WE ARE

Integrated Technology Engineering Contracting Company [INTECOM] is a dynamic and trusted organization specializing in telecom, electrical, and construction contracting across Saudi Arabia. With a strong foundation built on innovation, precision, and integrity, we are dedicated to delivering world-class infrastructure solutions that shape the future of connectivity and development.

Our team of experienced engineers, consultants, and project managers works together with a shared goal—to provide reliable, safe, and sustainable solutions that exceed client expectations. By embracing cutting-edge technologies and maintaining strict quality standards, we ensure every project reflects our commitment to excellence and long-term value.

HOW WE WORK

At Integrated Technology Engineering Contracting Company [ITEC], our work approach is defined by precision, collaboration, and commitment. We follow a structured process that ensures efficiency, quality, and client satisfaction at every stage of a project.

- **Planning & Design** – We begin with a deep understanding of our client's needs, conducting detailed assessments and developing customized designs that align with technical and regulatory standards.
- **Execution & Implementation** – Our skilled engineers and technicians execute projects using advanced tools, technologies, and methodologies—ensuring timely and accurate delivery.
- **Quality & Safety Assurance** – Every project is monitored under strict quality control and safety guidelines to guarantee durability, reliability, and compliance.
- **Support & Maintenance** – We provide continuous post-project support and maintenance to ensure long-term performance and client satisfaction.

Consult & Analyze

Assessing telecom, electrical, and NWC project requirements to provide precise and effective solutions.

Plan & Implement

Designing and executing structured strategies across telecom, electrical, and NWC sectors with efficiency and accuracy.

Test & Support

Performing rigorous testing and delivering continuous support to ensure reliable and sustainable operations.

WHAT SETS US APART

At Integrated Technology Engineering Contracting Company [ITEC], what truly distinguishes us is our unwavering commitment to quality, innovation, and client success. We pride ourselves on delivering solutions that go beyond expectations, ensuring every project—whether in telecom, electrical, or construction—is executed with precision and reliability.

Commitment to Quality

At Integrated Technology Engineering Contracting Company [ITEC], we stand out through our relentless pursuit of excellence. Our commitment to quality ensures that every project—whether in telecom, electrical, or construction—is executed with the highest standards of precision and reliability. By embracing innovation and advanced technologies, we deliver solutions that not only meet but consistently exceed client expectations.

Innovation & Client Focus

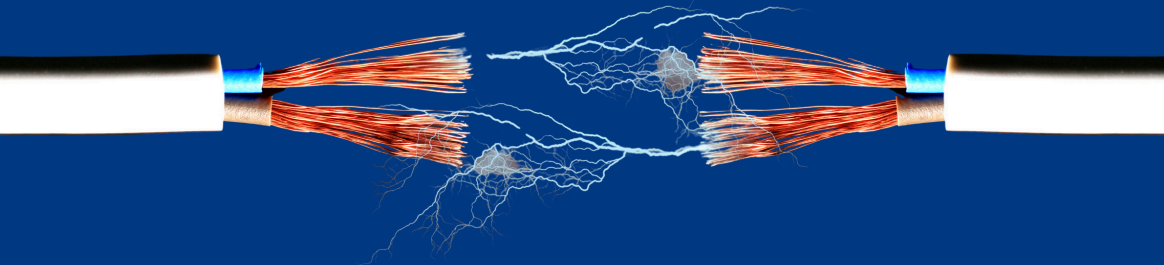

At Integrated Technology Engineering Contracting Company [ITEC], we stand out through our relentless pursuit of excellence. Our commitment to quality ensures that every project—whether in telecom, electrical, or construction—is executed with the highest standards of precision and reliability. By embracing innovation and advanced technologies, we deliver solutions that not only meet but consistently exceed client expectations.

WHAT SETS US APART

At Integrated Technology Engineering Contracting Company [ITEC], what truly distinguishes us is our unwavering commitment to quality, innovation, and client success. We pride ourselves on delivering solutions that go beyond expectations, ensuring every project—whether in telecom, electrical, or construction—is executed with precision and reliability.

Excellence, Innovation, and Trust—Delivered in Every Project.

Commitment to Quality

Delivering every project with precision, reliability, and the highest standards.

Innovation & Client Focus

Providing advanced, customized solutions that exceed client expectations.

Experienced Team

Skilled professionals ensuring efficient and successful project execution.

Experienced & Skilled Team

Our strength lies in our people. ITEC's multidisciplinary team of engineers, technicians, and consultants brings extensive experience across telecom, electrical, and construction projects. Their expertise and innovative thinking allow us to tackle complex challenges efficiently, ensuring projects are completed on time, within budget, and with exceptional quality.

Reliability & Sustainable Solutions & Client Focus

We focus on delivering solutions that are not only effective today but sustainable for the future. By integrating robust design, advanced technology, and environmentally conscious practices, we ensure our projects provide long-term reliability, operational efficiency, and positive impact for our clients and the communities they serve.

SERVICES

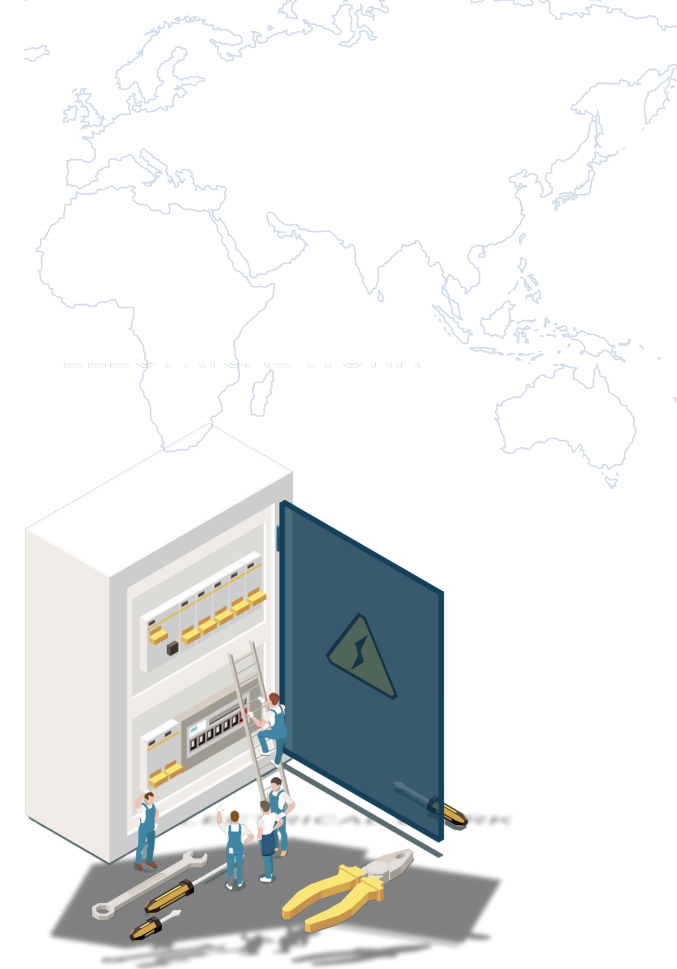

ELECTRICAL SOLUTION

At Integrated Technology Engineering Contracting Company (ITEC), our Electrical Services Team is dedicated to delivering reliable, efficient, and safe electrical solutions across Saudi Arabia. The team consists of highly skilled engineers, technicians, and project specialists who ensure excellence in every project.

Our Key Services Include:

- Power Systems & Distribution Networks – Design, installation, and maintenance of efficient electrical systems.
- Lighting Solutions – Comprehensive indoor and outdoor lighting design and implementation.
- Electrical Infrastructure Projects – End-to-end project execution with a focus on quality and compliance.
- Upgrades & Rehabilitation – Modernizing existing electrical systems for safety and efficiency.
- Maintenance & Support – Ongoing monitoring, preventive maintenance, and rapid troubleshooting.

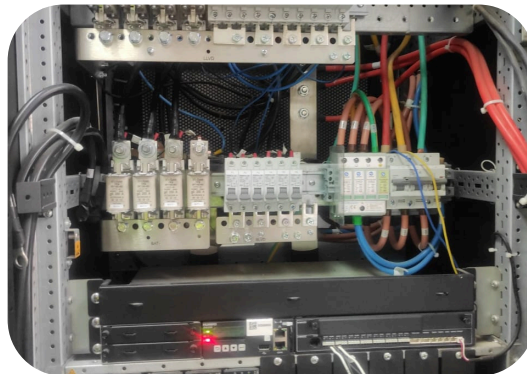

TELECOMMUNICATION SOLUTIONS

At Integrated Technology Engineering Contracting Company (ITEC), our Telecom Services Team specializes in delivering cutting-edge and reliable telecommunications solutions across Saudi Arabia. Comprised of experienced engineers, field technicians, and project managers, the team ensures seamless implementation of telecom networks that meet today's dynamic connectivity needs.

Our Key Services Include:

- EM Equipment's Replacement
- GSM Network Implementation & Rehabilitation – Upgrades, expansions, & optimization of mobile networks.
- FTTH (Fiber to the Home) & OSP Networks – Design, installation, and maintenance of high-speed fiber optic networks.
- Wireless & Wired Connectivity Solutions – Comprehensive solutions for urban, rural, and industrial setups.
- Network Testing & Commissioning – Ensuring performance, reliability, and compliance with industry standards

CONSTRUCTION SOLUTION

At Integrated Technology Engineering Contracting Company (ITEC), our Construction Solutions Team is dedicated to delivering high-quality, reliable, and innovative construction services across Saudi Arabia. Our team of skilled engineers, project managers, and site specialists ensures that every project—whether civil, structural, or infrastructure—is executed with precision, safety, and efficiency.

Our Key Services Include:

- Civil & Structural Construction – Comprehensive planning, design, and execution of buildings, facilities, and infrastructure.
- Project Management & Supervision – Ensuring timely delivery, cost control, and strict adherence to quality standards.
- Infrastructure Development – Roads, utility networks, and site development solutions tailored to client requirements.
- Upgrades & Renovation Projects – Modernizing existing structures to meet current standards and improve functionality.

NWC SOLUTION

At Integrated Technology Engineering Contracting Company (ITEC), our NWC Solutions Team is focused on delivering innovative, efficient, and reliable network and civil utility solutions across Saudi Arabia. Our experts, including engineers, technicians, and project managers, ensure seamless planning, implementation, and maintenance of NWC projects with precision and compliance.

Our Key Services Include:

- Network Design & Implementation – Planning and deployment of robust communication and utility networks.
- Water & Sewage Infrastructure – Design, installation, and maintenance of sustainable water systems.
- Pipeline Installation & Rehabilitation – Modernizing and maintaining pipelines for efficiency and safety.
- Testing & Commissioning – Ensuring all systems operate reliably and meet quality standards.
- Support & Maintenance – Continuous monitoring, preventive maintenance, and rapid troubleshooting.

OUR PROFESSIONALS

At Integrated Technology Engineering Contracting Company (ITEC), our professionals are the backbone of every successful project. Comprised of experienced engineers, skilled technicians, and expert project managers, they bring deep knowledge, technical expertise, and a proactive approach to every task.

Their commitment to innovation, quality, and safety ensures that all projects—whether in telecom, electrical, construction, or NWC solutions—are executed with precision and reliability.

Excellence, Innovation, and
Trust—Delivered in Every
Project

STC (SAUDI TELECOM COMPANY)

Services Delivered:

- FTTH [Fiber to the Home]
- OSP [Outside Plant]
- Electrical Power Services
- Network Lifecycle Management

Key Achievements:

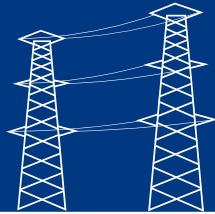

- Connected 1000+ homes in Phase 1
- Zero critical faults reported in the first 6 months
- Rapid deployment with minimal disruption to existing infrastructure

SEC (SAUDI ELECTRICITY COMPANY)

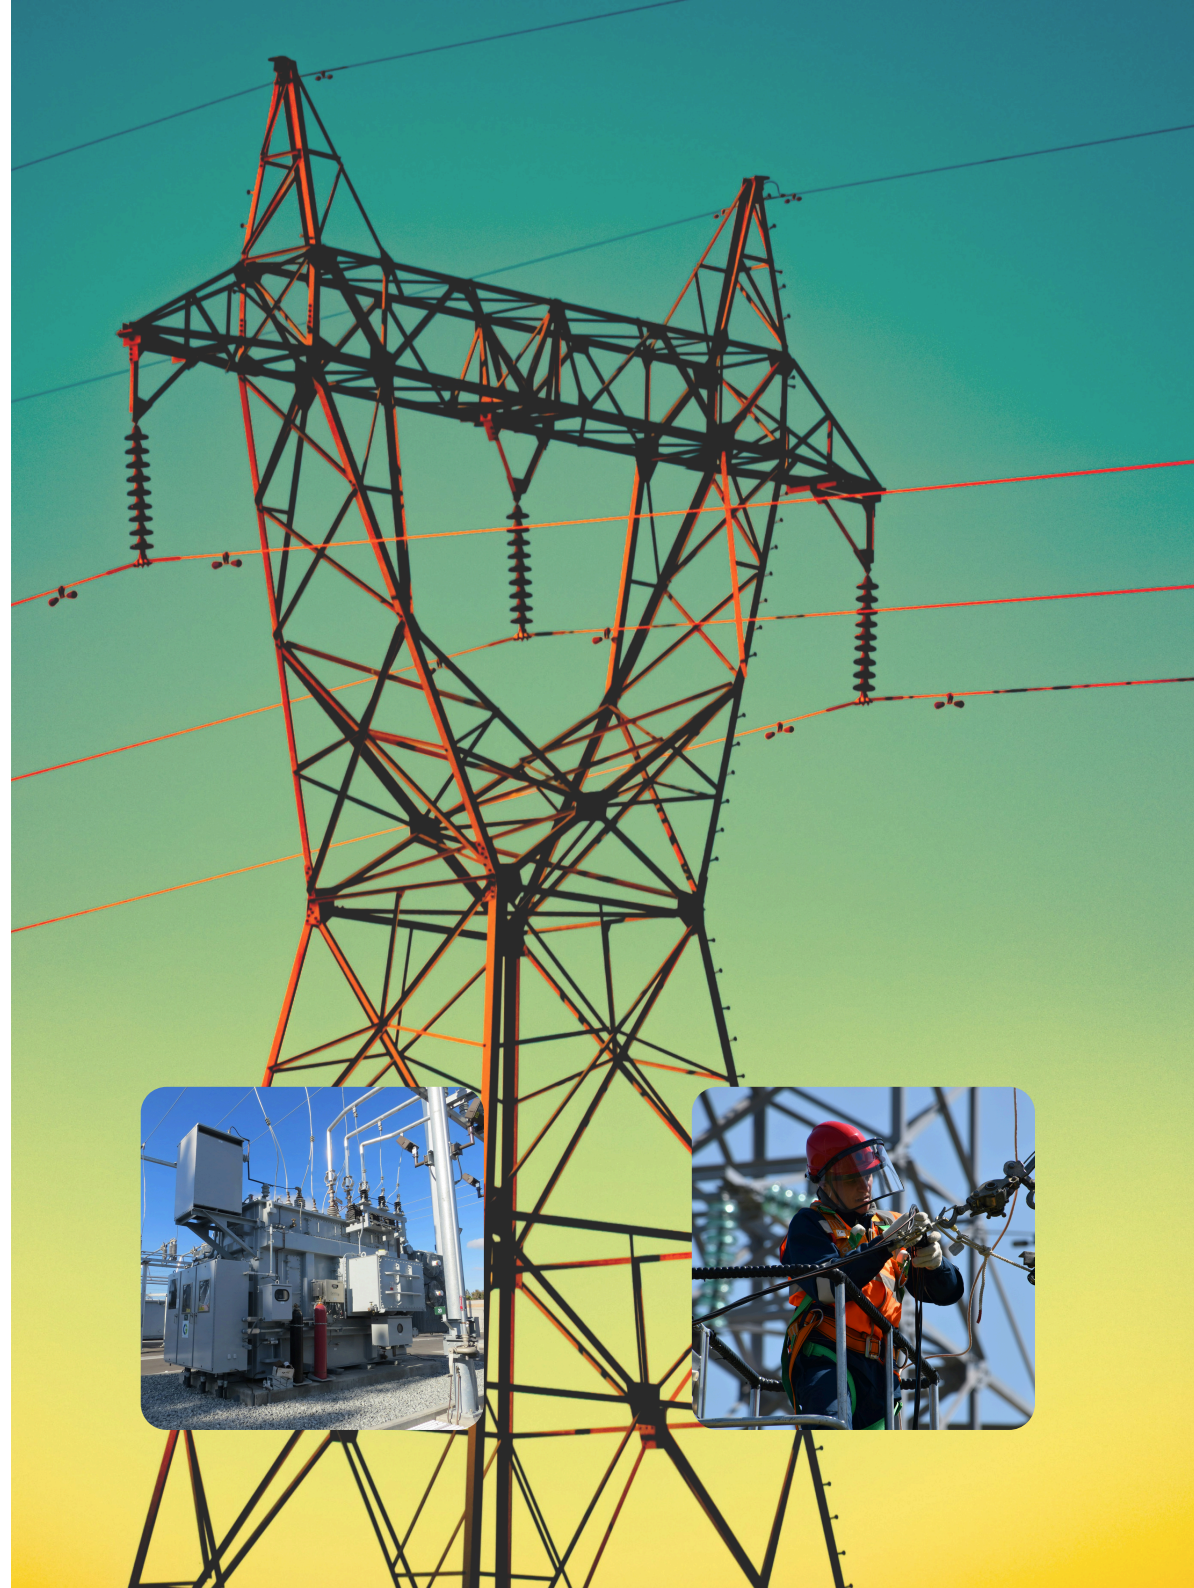

Services Delivered:

- Power Project Design & Installation
- Operation & Maintenance
- Electrical Integration
- Equipment Supply

Key Achievements:

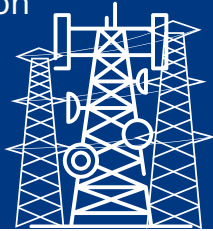

- Maintained 99.8% power availability rate
- Delivered 20+ fully integrated telecom power systems
- Achieved full compliance with SEC's safety and technical standards

TAWAL

Services Delivered:

- Telecom Tower Installation & Maintenance
- Fiber Optic Network Expansion
- Power & Backup Systems Integration
- Site Optimization & Civil Work

Key Achievements:

- Successfully implemented over 150 telecom sites across multiple regions
- Achieved 98% on-time project delivery rate
- Enhanced network reliability and uptime for critical communication sites

OUR CLIENTS

At Integrated Technology Engineering Contracting Company (ITEC), we are proud to be the trusted partner of some of Saudi Arabia's leading organizations in the telecom, electrical, construction, and utility sectors. Our esteemed clients include TAWAL, STC, SEC (Saudi Electricity Company), National Water Company, Mobily, Zain, Nokia, Ericsson, and the National Housing Company.

Key Client Services

- TAWAL – Telecom tower infrastructure and GSM site rehabilitation
- STC (Saudi Telecom Company) – FTTH, OSP, and power system services
- SEC (Saudi Electricity Company) – Electrical infrastructure and telecom system integration
- National Water Company – Power and automation support for telecom-integrated water systems
- Mobily – Telecom infrastructure, electrical services, and network support
- Zain – GSM network upgrades, electrical maintenance, and FTTH deployment
- Nokia – Telecom solutions, network optimization, and system integration
- Ericsson – Telecom infrastructure development, OSP, and technical support
- National Housing Company – Electrical, construction, and utility system support for housing projects
